HUBBLE

COMMERCIAL HUMIDIFICATION SYSTEM

Flagship Product Specification Sheet

Introducing the HUBBLE Humidifier. HUBBLE was developed to address the need for more powerful humidification, especially for larger humidor cabinets. It is equipped with a robust high-RPM fan for fast humidity recovery and a digital hygrometer for accurate measurement. The ultra-modern design features a clear lid to easily view the water level and a sleek profile that looks great inside your cigar humidor.

HUBBLE Commercial Humidification Systems are sold exclusively with purchase of Newsham Humidors

2. QUICK SPECIFICATIONS

 Product:	HUBBLE Humidifier	 Fan:	High-RPM fan for rapid humidity recovery
 Type:	Commercial humidor humidification system	 Output:	Wider range of humidity output
